

Camper Alcohol, Illicit Drug, Cannabis, and Tobacco policy

In respect of those campers struggling with or who have loved ones struggling with alcohol, illicit drug, cannabis, and/or tobacco addiction, the possession and/or use of the substances while at camp is prohibited. Failure to follow this guideline is grounds for immediate removal from camp.

An exception can be requested in the area of tobacco use. If a camper and his or her guardian knows that abstaining for the duration of the week will cause disruption to the other campers, arrangements can be made with the director as to the acceptable use. This exception is at the discretion of the director only.
